Dear Friends:

As you know, on March 17<sup>th</sup> there will be a special election for the 7<sup>th</sup> state senate district. We have an amazing opportunity to decide who will represent our community in Sacramento, and my choice is Joan Buchanan.

Joan Buchanan, in her 18 years on the school board and 3 terms in the assembly, has proven herself to be a champion for public education and fiscal responsibility. She has worked so hard for our community's small businesses and our environment, and she will continue to do so in the state senate.

I have known Joan personally for many years, and she has asked me to reach out to you in support of her campaign. She is the only candidate in the race who has committed to running a strictly positive campaign and focus on the issues we care about.

So, please join me in marking the ballot for Joan on March 17<sup>th</sup>!
